"Something to Celebrate: Canada's Forests – Strong Roots, Green Shoots" is the slogan for our 2010 contest. Poster contest entries should illustrate the "strong roots" or history of forestry within our communities, the important role forests play in our lives and/or the "green shoots" – innovations in forestry that will lead to new growth in the industry. In Canada, forestry and forest communities are in a state of change like never before. However, Canada's forests remain one of our most valuable resources and they continue to play an important part in our lives.
