

F B I Mysteries

orest Bureau of nvestigation

The Forest Bureau of Investigation program is an all day mystery where participants explore the death or disappearance of a boreal forest inhabitant. Participants are deputized and then must try and solve the case by investigating the crime scene and participating in a number of engaging activities to learn about the victim, their environment and known associates. Past mysteries include: the Death of Sammy the Spruce, the Death of Wally the Walleye and the Disappearance of Candy the Canada Warbler.

Investigating the crime scene

Interrogating Ted the Water Tiger
